Silicone Defoamer

Rockdefoam SLD-3115

DESCRIPTION

Rockdefoam SLD-3115 is a strong silicone based defoamer which does not have any impurity which could make disturbance during production process. Low viscosity and high defoaming power are two great properties of this product.

Product Handling, Storage and Shelf Life

To ensure safe storage of this product, containers should be well sealed to prevent water evaporation and skin forming. The product must be stored between 5-25°C for maximum 6 months.

Freezing and direct sun light must be avoided.

Specification

Appearance	Thick Milky Liquid
Nature	Polydimethylsiloxane
Ionity	Nonionic
pH (1:10 solvent)	7 ± 0.5
Viscosity (25°C)	350 - 500 cp
Solubility (25°C)	Dispersible in cold water
Density, gr/cm ³	1.003
Safety	According to our best experience, it does not have any harmful effect on health.

Applications and Recommendations

Rockdefoam SLD-3115 is a great defoamer suitable for several industries such as textile, paint, detergent, oil & gas, etc. **Rockdefoam SLD-3115** is effective in neutral, acidic and basic (up to 10) environments.
